## Blast Chillers

Trento blast chillers rapidly freeze food through high intensity cooling, resulting in fewer and smaller ice crystals and improves the texture of the frozen food once it is reheated.

## Beverage Solutions

From juicers to coffee grinders, and from creating to dispensing, Trento has all the solutions you need for every point of the journey.

## Meat Processing & Preservation

With Trento's professional butchery and aging equipment at your finger tips, you can deliver high quality aged meats, fish, and cheeses that'll be the envy of your competition.

The Ugolini **GIANT** is the largest volume multifunctional dispenser specially designed to serve large quantities of product in a short period of time. With a total capacity of 30 liters and dual cooling circuit, it is designed for environments with high sales volumes. Designed, manufactured and assembled in Italy, **GIANT** stands tall and elegant and offers 100% product visibility, encouraging customers to buy with its dual crystal-clear, shockproof polycarbonate 15-liter bowls.

**GIANT** allows users to adjust product thickness by adjusting the available temperature control. Simply toggle the dial to choose from a wide range of consistency options from "Soft-Drink" to "Granita" and find the perfect icyness for your frozen beverage. Since **GIANT** is engineered to run 24/7, just set the control to stand-by mode when you're ready to shut down for the night, and switch it back to freeze when you open back up in the morning.

49086

Simple, versatile and easy to use, these large volume dispenser is designed to cool all types of drinks - including any milk, pulpy fruit juice, coffee, tea and more - by way of its patented magnetic submerged pump and stainless steel gravity tap. Quick and easy to dismantle for perfect cleaning, it saves you time and makes your work easier.

One main difference between ARCTIC DELUXE and ARCTIC COMPACT models is that ARCTIC DELUXE is designed with one motor per bowl, while ARCTIC COMPACT has one motor which drives the impellers of all of its bowls through a belt, and at the same time acts as condenser fan.

### Silence, exceptional output Turkish coffee

The coffee shop grinder #63 is the ideal appliance for all stores which distribute large quantities of ground coffee: coffee shops, supermarkets and roasting establishments.

Fast, precise and reliable, it makes a quality grinding thanks to its precise setting and its Ø120mm grinding discs, designed and manufactured by Santos. Perfect for making Turkish coffee.

### Powerful exceptional performance

- Powerful asynchronous motor, very silent
- Extremely fast, the grinder #63 has a max output of 120kg/h
- Sturdy product, adapted to intensive use

### Precision and quality grinding

- Santos manufactures its own grinding discs to give you a perfect, constant and fine grinding (no burnt coffee effect)
- Equipped with triple cut grinding discs (Ø 120mm) that can be resharpened
- Very precise micro-metric setting of the grinding fineness
- Makes Turkish coffee: 36kg/h

### Comfort of use

- Accepts all kinds of bags: from 250g to 1kg
- Extremely silent for a great comfort of use
- Display of instructions on how to use the grinder, ideal for self-service use

## Santos #55 Silent Coffee/Espresso Grinder

SANTOS

### Powerful and reliable

- Powerful asynchronous motor for intensive use, very silent
- Sturdy product with aluminum body
- Very efficient and quick: one dose of coffee dispensed in less than a second

### Quality grinding

- Fresh ground coffee: no dispenser, coffee beans are ground on demand and dispensed directly into the filter holder
- Santos manufactures its own grinding discs to give you a perfect grinding, constant and fine

### Easy to use

- 3 tampers (Ø 53mm, Ø 55mm, Ø 57mm) are delivered with the product for all sizes of filter holders
- Fully automatic: the exact dose of coffee is dispensed automatically when the filter holder is detected
- Simply adjust the grinding and dosing, and visualize the number of doses distributed with the 5 digit counter.

Item	44637
Model	SANTOS 55
Output	55 lb/ hr (25 kg/ hr)
Power	800 W
Electrical	120V / 60Hz / 1Ph
Net Weight	33 lb (15 kg)
Net Dimensions (WDH)	8" x 16" x 23"

# Coffee Grinders

## Santos #09 Heavy Duty Countertop Ice Shaver

- Safety switch stopping the motor when the lever or the drawer is opened
- Stainless steel and sanitary cast aluminum antimicrobial paint
- Delivered with one adjustable disc to make shaved or crushed ice.
- Ergonomic and sturdy articulated lever
- New shockproof drawer without bysphenol
- Easy-to-clean base

Item	44023
Model	SANTOS 09
Production (Per Hour)	220 lb (100 kg)
Power	650 W
Amps	5.4 A
Electrical	100-120V/60Hz/1Ph
Net Weight	32 lb (14.7 kg)
Net Dimensions (WDH)	10" x 16.5" x 14"

## 2L Ice Shaver

- Producing ice pieces in various sizes, as well as the finely crushed ice for traditional Italian "granita"
- Pays very close attention to operator safety with the addition of a safety micro-switch on the feed throat and on the streamlined ice container
- Quality is guaranteed by the large sized throat in anodized aluminum, stainless steel small parts and components the structure in aluminum and steel

Item	17137
Model	IC-IT-0002
Bowl Capacity	2.11 qt (2 L)
Crushed Ice Max. Thickness	0.39" (10 mm)
Power	350 W / 0.3 hp
Electrical	110V / 60Hz / 1Ph
Net Weight	18.5 lb (8.4 kg)
Net Dimensions (WDH)	8.25" x 18.3" x 11.6"

## Santos #53 Ice Crusher

### Powerful, efficient and reliable

- Makes both fine and coarse crushed ice in just one touch of a button
- Exceptional output: Quickly makes 1.2 kg) of crushed ice in 30 seconds
- It is equipped with a heavy duty and quiet asynchronous motor
- It is adapted to intensive use and allows a hands free use thanks to its high capacity ice cube tank (1.2 kg)

### 2 functioning modes

- Button Hold: Manual function; Ice is crushed as long as the button is held.
- Button Press: Automatic function; Automatically crushes ice in container.

Item	39689
Model	SANTOS 53
Production (Per Hour)	330.7 lb (150 kg)

Net Dimensions (WDH)	9.3" x 16.2" x 25.3" (236 x 412 x 642 mm.)

# zumoval

JUICERS FOR LIFE

Proven in the market for over 20 years, Zumoval juicers are the strongest on the market with heavy-duty motors and gears manufactured from stainless steel. It is also the fastest juicer on the market producing up to 20 L per hour of juice.

#### Great quality juice

The exclusive design of Zumoval citrus fruit squeezers means that the peel is not pressed during the squeezing process, but separated from the flesh. The result of this process is a high quality, tasteful and vitamin-rich juice.

#### Maximum performance at peak hours

Zumoval has also considered the various needs of different establishments, offering easy solutions to specific problems. Therefore, several different models have been designed, ranging from the Minimax, which squeezes 15 oranges per minute, to the FastTop which squeezes 45 oranges per minute, guaranteeing maximum efficiency at times of greater demand.

#### Strong and reliable

All our range includes high quality, durable materials, assembled under a strict manufacturing control. That is why we can state that our machines are able to run during long periods of time, without suffering any kind of mechanical damage. Due to their component design and their easy to dismantle squeezing system, they allow running express cleaning tasks.

Metal Gears

Optional Built-in Shower for Easy Cleaning

Self-Service Stainless Steel Tap

# zumoval

## JUICERS FOR LIFE

5 YEARS WARRANTY  
5 YEARS PARTS  
1 YEAR ON LABOUR

#### Self Tap / Push & Juice

A robust, easy-to-use, stainless steel self-service tap, especially designed to work in self-service mode in places of high consumption. Activated by a simple button press, stops juicing when released.

#### Automatic Filter

The automatic filter allows the automatic removal of pulp and seeds directly on the waste bins.

#### Juice Level Detection

System to have always a fixed amount of juice in the tank. When opening the tap, the machines automatically starts squeezing to fill the tank up to the level of the detector.

#### Self-Cleaning System (Automatic Shower)

This option provides a single or double flushing system which cleans quickly the juicing area, saving both time and labour cost.

#### 3.0 Digital Screen

This feature will inform you when the peel buckets are full of peels so that they can be emptied. Includes various functions such as waste bin indicator, fruit counter, tank capacity indicator

#### Squeezing Kit

Optional 45-60 mm kit that allows the squeezing of small citrus fruits such as small oranges, limes or mandarins. It is easily interchangeable by the user and allows the juicer to be much more versatile.

# Minimax

- The Minimax has on top a 6 kg stainless steel feeder basket. The feeding arm has a capacity of 6 pieces of citrus fruit.
- The front cover is made of tritan, a highly resistant and extremely durable material.

# Options and Accessories

Convenient dispenser stands perfect for customer self-service. Fantastic for buffets, hotel breakfast, luxury lounges. The stands also contain a large waste bin for 50 kg of waste content, or roughly 300 spent oranges.

Dispenser stand contains a large tank, allowing immediate dispensing of stored juice, great for volume service.

Self service stand does not contain a tank, and juice is squeezed fresh on demand. Perfect for an interactive customer experience that draws attention and interest.

## Quality Without Compromise

A long tradition made of passion, competence and innovation is the basis of the proposal of professional pizza ovens: different models and types to meet all the needs of an increasingly stratified clientele. The rigid production standards give birth to high-performance pizzeria ovens with refractory floors capable of evenly distributing heat and guaranteeing excellent performance.

Valoriani ovens are available with wood, gas or electric power to allow pizza makers to adapt to different types of cooking and preparation. An elegant and functional design, the possibility of customizing the dome using mosaic or fiberglass, clean and modern lines that integrate well into any environment. Valoriani professional ovens are dedicated to both small pizzerias and large chains, the common factor is absolute quality, without compromises.

 **Canada Only**

## Baby Series Wood & Gas Dome Oven

48142

48137

48144/48143

### Small oven, big performance

The Tuscany made Baby series of wood/gas-fired ovens combines traditional refractory stone cooking with a sleek, modern dome. Practical to move, easy to install and use the quality of Valoriani refractory materials at the level of professional cooking directly at your home, or for professional cooking on the go for small events.

The Baby oven can be powered by wood or gas, guarantees uniform pizza cooking and despite its small size, is capable of great performance. Baby ovens require little maintenance and offer great satisfaction, and the prestige of the Valoriani brand at the side of all your special occasions.

- Outside dome finished with high-gloss or aesthetically pleasing painted mosaic and stainless steel arch.
- No extra finishing required.
- Optional full stand.
- Internal dome is created from refractory materials of professional quality.
- Bakery floor made of refractory Cotto clay stone.

# ALFA

Modern • Professional • Efficient

Only available in the U.S.A

# Quick Series Gas/ Wood Hybrid Ovens

See Accessories on pg.69

**Wood**  
High-quality materials and construction technology make Alfa professional wood-burning ovens highly efficient with very fast lighting and preheating times along with low wood consumption.

**Gas/ Liquid Propane**  
Latest generation burners and patented Alfa technology allow gas-powered models to quickly generate heat and keep it constant with maximum precision and efficiency.

**Hybrid**  
Thanks to the practical Hybrid Kit developed by the Alfa R&D team, the gas oven can be transformed into a wood-burning oven, allowing to decide from time to time which fuel to use according to the needs of the moment.

# Tunnel Oven

**Consistent and Even Baking:** Tunnel ovens provide consistent heat distribution, which ensures uniform baking across all products. This is crucial for maintaining product quality, as variations in temperature can lead to inconsistent results. The continuous belt system allows for even cooking, reducing the risk of overcooking or undercooking.

**High Production Capacity:** Tunnel ovens are designed for high-volume operations, making them ideal for businesses with large production needs. They can handle a continuous flow of baked goods, improving efficiency and throughput, which is essential for meeting customer demands in a busy bakery.

**Energy Efficiency:** Modern tunnel ovens are designed to be energy-efficient, using less fuel and reducing waste. They often have insulation and advanced heat recovery systems that help reduce operating costs. This can result in significant savings over time, especially for high-volume bakeries.

**Automation and Labor Savings:** The automated nature of tunnel ovens means that once the products are placed on the conveyor belt, the oven does the rest. This reduces the need for manual intervention and allows your staff to focus on other tasks. It helps in minimizing labor costs and improving overall workflow efficiency.

**Space Efficiency:** Tunnel ovens are often compact and can be designed to fit within the available space in your bakery. Their continuous belt system allows for more efficient use of space compared to traditional batch ovens, which require more floor area for loading and unloading. Trento tunnel ovens are also stackable to a maximum of three units with the same footprint.

## 63" Electric Conveyor Pizza Oven, 20" Wide Belt

Stand sold separately

The Trento Ventilated Tunnel Oven is a perfect addition for any kitchen that requires efficient and consistent baked goods. This unit has been redesigned with new and modern features. The ventilated chamber provides consistent and uniform baking of foods by providing necessary air circulation.

Convenient display panel on the unit provides the freedom to adjust the temperatures, speed, and direction of the conveyor belt. This oven is designed to be durable and allows stacking up to three ovens at a time.

- Consistent baked products with high efficiency
- Ventilated chamber provides consistent and uniform baking of foods by providing necessary air circulation
- Convenient display allows constant monitoring and adjustments
- Innovative digital touch panel
- Conveyor belt with dual direction
- Adjustable settings
- Equipped with a safety thermostat
- Stackable design (up to three units)

Net Dimensions (WDH)	43" x 39.8" x 16.9"	43" x 39.8" x 29.5"

### Proprietary Pizza Stone Technology

Thermographic test show that in a chamber heated this way, the desired temperature can be reached within a shorter time span and heat is distributed evenly.

- Built with proprietary pizza stone technology, which allows heat to distribute evenly in a short frame of time
- Extremely high levels of performance, efficiency and reliability with low operating costs
- Ideal for pizza baking as well as baking/warming other food such as pasta, lasagne and tortillas
- Item 40641 and 40643 can bake up to twelve 13" pizzas at a time
- Mechanical version, the temperature is set by the top and bottom thermostats and is displayed on the mechanical thermometer
- Digital version has an electronic card that is used to program the start, end of baking and two work settings
- Both versions feature safety thermostat and independent chambers
- Upon request, some models can be produced with single-phase voltage

## SMOOTH Top & Bottom

.....

This configuration is ideal for even and complete contact for your food such as grilled cheese sandwiches, quesadillas, and hamburgers.

## (Dual) GROOVED/SMOOTH Top & Bottom

.....

We also offer units with a split cast iron surface with grooved on one side and smooth on the other making it perfect for high volume operations.

## GROOVED Top & Bottom

.....

The grooved surface on the grills provides grill marks to the meat or sandwich making it more visually appealing for your customers.

## GROOVED    SMOOTH Top                      Bottom

.....

If versatility is what you are looking for, look no further as this panini grill offers the best of both worlds. The smooth surface can be used as a griddle/warmer while the grooved surface creates appealing grill marks.

# Pasta Cookers

## Natural Gas Double Tank Pasta Cooker

### Unmatched Performance

The most versatile pasta cookers on the market today, single burner models are great for cooking fresh, dry or partially cooked refrigerated pasta, and double burner models are great for cooking frozen pasta due to fast recovery times. These pasta cookers are not limited to pasta, and can cook items such as rice, vegetables, potato and seafood.

Tanks are stamped from a single piece of AISI #316 stainless steel, and is highly resistant to corrosion due to salt water. A blanket of ceramic fiber insulates each tank, virtually eliminating hot surfaces while providing better efficiency and performance.

Burner design concentrates heat at the rear, and creates a natural convective flow that stirs the pasta without need for manual tossing. This also moves starches into a skim drain, keeping the water starch free.

\*LPG Conversion Kit included

- Auto starch removal
- Corrosion resistant
- Convective design stirs itself while cooking
- Double burner models for cooking frozen foods
- Insulated tanks help prevent injuries

## Fork Mixers

### Single Speed 26 Qt Dough Fork Mixer

- This unit comes equipped with a high quality stainless steel bowl, fork, holder shaft and bowl guard
- Body is manufactured powder-coated steel that houses all transmission and mechanical components
- Equipped with powerful motor, trapezoidal belts, and two reduction gears that work independently for the bowl and fork
- The rotating parts are assembled on ball-bearings
- Capable of kneading of up to 25 kilograms of dough
- The electrical system and safety devices conform to European Regulations
- Comes with a built in timer

### Santos #18 10 Qt Dough Fork Mixer

- Equipped with a silent motor and a helical fork
- Ideal to knead 9 lb (4 kg) of hard dough within approximately 15 minutes
- Lift gap located on the side is used to safely add ingredients while mixing dough
- Transparent cover automatically works in complete safety by stopping when the lid is open
- Operates like a baker's dough mixer
- Ideal for all kinds of bread and pizza dough

Item	45637
Model	SANTOS 18
Bowl Capacity	10.6 qt
Fork Speed	84 RPM
Power	650 W / 0.87 hp
Amps	6 A
Electrical	110V / 60Hz / 1Ph
Net Weight	40 lb (18 kg)
Net Dimensions (WDH)	15" x 15" x 17"

Item	44256
Model	MX-IT-0025
Maximum Kneading Capacity	55 lb (25 kg) (9L of water; 16 kg of flour) Maximum capacity may vary depending on the ingredients
Bowl Capacity	26.40 qt / 30 L
Bowl RPM	9
Fork RPM	28
Power	1,500 W / 2 hp
Amps	6.6A
Electrical	200-240 V / 60 Hz / 1Ph
Net Weight	315.26 lb (143 kg)
Net Dimensions (WDH)	34.25" x 22.05" x 35.04"

The fork attachment smoothly simulates the turning motion of human hands, quickly achieving a natural leavening process without unnaturally warming the dough.

Net Weight	683.4 lb (310 kg)
Net Dimensions (WDH)	25" x 43.7" x 47.2"

# 143-164 Qt Heavy Duty Spiral Dough Mixer

- **Intuitive Interface** allows you to access all functions with a few simple actions: two work speeds, two times and an automatic cycle.
- **Bowl & Spiral:** Both are made from high-resistance stainless steel. The design, dimensions and sizing have all been carefully devised to ensure a peerless finished product.
- **Stunning Dough:** Designed to help you create a dough with perfect, handmade consistency. This mixer has a reinforced spiral drive mechanism specially designed for dryer dough mixes.
- **Highly Safe:** The protective grill in stainless steel is ergonomically designed and completely safe. When opened the machine automatically stops working.
- **Solid Stability:** The feet give the machine great stability, while the wheels mean that the machine can be moved easily in order to clean the workspace.
- **User-friendly At All Times:** A special button means you can respond to emergencies quickly, in accordance with the regulations out there.

Net Dimensions (WDH)	24.8" x 26.4" x 35"

# Dough Sheeters

## 11-17 lb Dough Sheeters

- Aluminum die-cast shoulders and casing.
- Possibility of working all types of dough, obtaining very thin results.
- Galvanized hard chrome plated, ground and polished cylinders.
- Easy to remove scrapers, for quick and efficient cleaning.
- Adjustable belt speeds to prevent dough wrinkling.
- Folding tables to reduce machine space when not in use.
- Low voltage electrical system with dual commands (hand and foot pedal)
- Accident prevention safety guards connected to the electrical system by limiting switches
- Machine mounted on 360 swivel wheels making it fully mobile.

48678  
Optional multi-tier trolley for countertop models (comes with 5 pasta trays)

## Floor Model Heavy Duty Pasta Extruder

A heavy-duty floor model pasta extruder is essential for restaurants producing high volumes of fresh pasta consistently and efficiently. Unlike countertop variants, floor models are built for durability and sustained output, offering higher capacity, stronger motors, and advanced cooling systems that withstand continuous use. Water cooled pipes ensure that the unit does not overheat on extended use, preventing dry pasta. For busy kitchens aiming to serve authentic, house-made pasta without bottlenecks, a floor model extruder is not just a tool—it's a production powerhouse.

## 26.5 lb/hr TR 75 (with Cooling System)

Dies are sold separately

- All components that come into contact with food are made of stainless steel or food-grade bronze.
- All moving parts are installed on ball bearings with long-life seals or support with a grease gun.
- Single-motor-driven, belt drive with maintenance-free reduction gear. The mixer is driven by a sprocket
- Equipped with height-adjustable feet and plastic caps.
- Operating components can rotate in both directions.
- The operating parts are easy to disassemble to allow access for cleaning the machine.
- Allows you to make various pasta shapes by simply changing the die.
- Accessories supplied: liquid measuring jug, ring nut key, pasta tray, cutting assembly, trolley.
- Unit comes with a cooling pipe system to enable continuous operations.

Item	49118
Model	PM-IT-0012

## Floor Model Heavy Duty Pasta Extruder

### 187 lb/hr TR 150 (with Cooling System)

Dies are sold separately

Item	13286
Model	PM-IT-0080
Dough Capacity	110 lb
Output / Hr.	187 lb (85 kg)
Power	5.5 hp / 4,100 W (worm) 2.5 hp / 1.86 (motor for paddle)
Electrical	208V / 60Hz / 3Ph
Net Weight	1146 lb (520 kg)
Net Dimensions (WDH)	33" x 53" x 69.3" (840 x 1350 x 1760mm)
Gross Weight	950 lb 431 kg)
Gross Dimensions	40" x 60" x 72"
Optional Item	Conveyor Belt (Item 46170), Pasta Mixer (Item 46171)

Unit comes with a cooling pipe system to enable continuous operations.

• For continuous operation, combining the NS TR Conveyor Belt and the MS 80 Pasta Mixer can produce a maximum output of **330 lb (150 kg)/hr**

# Ravioli Machine

Accessories sold separately

- Machine for the production of ravioli in various shapes and sizes
- Robust, safe and reliable,
- Suitable for pasta manufacturers, bakeries, delicatessens, supermarkets and catering for large groups
- 20-25 kg of ravioli per hour
- Stainless steel construction
- 1 mould included (Your selection from the Mould List\*)
- Easy mould replacement (Optional moulds available upon request - different shapes using the same machine)
- With any soft fillings (meat, cheese, vegetables)
- Easy regulation of filling amounts

Item	46296
Model	PM-IT-0030-R
Production	20-25kg / hour of ravioli
Width Of Pasta Sheet	4"
Power	0.33hp / 250 W
Electrical	220V/ 60Hz/ 1Ph
Net Weight	99 lb (45 kg)
Net Dimensions (WDH)	19" x 21.6" x 39" (500 x 550 x 1000mm)
Gross Weight	128 lb (58 kg)
Gross Dimensions	28" x 17.7" x 35"
Optional Item	46297 - Sheet roller for 46296 46298 - Special sheet die for 49118 to feed ravioli machine

# Fish Curing & Smoking

(Optional Installation, Setup and product training available upon request)

Discover the 'Intelligent' System for curing, cooking, and smoking fish

Stagionello® fish curing device is the unique cabinet for dry aging fish with a controlled pH system for the smoking and curing of sea salami and for cooked Tuna and Squid Mortadella. It has been designed, manufactured and patented 100% made in Italy.

With the introduction of dry aged, smoked fish and cured fish salami, the quality and flavors amplify the most refined palates. Clients aim to get the freshest and best-preserved products and display it in the best way possible to attract the attention of customers.

These cabinets and walk in cold rooms are built entirely of AISI 304 stainless steel with a scotch-brite finish both internally and externally to protect food contact and contamination. The cabinets can be incorporated into furnishings or walls.

The doors are completely in AISI 304 stainless steel; all have a large double-glazed glass with UV protection and are equipped with lock and key to allow use both in the laboratory and in the sales area. The large glass on the door allows you to monitor product on sight and in the sales area and is consequently an attractive Italian design display showcase. The four extendable stainless steel legs allow perfect stability. The exterior can be customized from a wide range of colors and coatings by our skilled Italian craftsmen.

These are just some of the features that make the unique patented Pesciugatore® and its range of cabinets guaranteed to be the most copied in the world!

# Meat Curing & Aging

# Stagionello®

MEAT MATURING DEVICE

Produce prime quality meat!  
as little as **11** days!

Stagionello® meat maturing device is the only maturation cabinet guaranteed, patented and manufactured 100% in Italy that reproduces a series of micro-climates ideal for the traditional maturation of meat (dry aged). In as little as eleven days our system allows you to transform your meat into tender, juicy steaks, safely. This is equipped with an industrial refrigeration system (not mono-block).

Thanks to the patented Fumotic® system, it ensures the production and management of humidity used to reduce the weight loss of the meat. In addition, since the user can smoke/avor the product at low temperatures, without any combustion, it safely keeps the organoleptic properties of the meat unchanged.

Unlike wet aging, where the meat from its vacuum-sealed bag must be consumed immediate after opening, allows you to hang, store and consume meat in a longer period of time without similar risks. The unit is equipped with an advanced touch screen controller, that automatically manages the temperature, humidity, air speed, pH monitoring, smoke/avoring for the duration of the recipe.

The Climatouch® controller, built into this device, allows you to quickly start your next recipe, monitor recipe values, create and save new recipes, calibrate the pH probe and review HACCP data. These features and more make it one of a kind.

- Made in Stainless Steel AISI 304
  - Climatouch® - A revolutionary automatic control system with a 6-inch touch screen display that automatically manages all sequential processing stages, calculating pH levels during the fermentation process guaranteeing a quality product. It includes preset recipes and allows the user to have access to the system which controls the functionality of the unit
  - Fumotic® - This is a dual purpose system for regulating humidity and flavoring
  - Energy Efficient: The AISI 304 Stainless Steel body and doors are fully injected with CFC free polyurethane foam creating a uni-body frame and higher R-value
  - Professional grade Non Mono-block system: Our non mono-block system is comprised of various components specially designed with the capability to be used for seasoning and dry aging, and can function in an ambient temperature range for up to +32°C (89.6°F)
  - There are a number of alarms built into the system for protection
  - Equipped with a lock and key system for additional safety
  - 4 standard probes included in all units
  - The tank system is designed to work with the Fumotic® to provide humidity when needed and aroma flavor as desired by the user
  - The doors are designed and built in AISI 304 stainless steel, dual insulated glass panels with UV protection of 59%, pressure valve for high altitudes, resistance lines to minimize condensation and soften door seals at lower temperatures.
  - Pre-Calibrated pH Probe included
- Special order: Custom colors available (Call upon request)  
• Optional installation, setup and product training available upon request

- 100% Italian made,
- 100% built of Stainless Steel AISI 304,
- Superior quality, and provide a tool for the authentic dry-aging of meat and fish

Choosing Stagionello® Dry-Age 3.0 cabinets means relying on the "friendly user" intelligence of Dry-Age control 3.0, the translation of professional dry-aging technology! Two distinct devices, each tailored to the qualities of fresh or matured meat and fish, to ensure excellent and consistent Dry-Age drying.

10 climatic recipes to make - 5 different dry-aging process, and 5 different fresh meat preservation.

4 scientifically validated preset recipes dedicated to beef, pig, sheep/goat, and wild meat. 1 custom recipe for creating your own Dry-Age program by customizing the time, temperature, humidity, and ventilation! Quality is guaranteed due to the distinctive proprietary methods found on all Stagionello® Dry-Age 3.0 systems. 2 HACCP System for Best Analysis

Stagionello® is concerned about food safety and provides experts with a specialized dual verification system for standard and unique recipes, logging temperature, humidity, and pH by event date and time. Everything is available at all times on a designated screen that can be viewed online.

### Eco-Friendly System

- 20% less energy - This modern technology guarantees high performance with 20% less energy than similar systems on the market.
- Eco Sustainable - Stagionello® reduces the use of plastic on all devices in support of greater environmental sustainability.
- Less Waste - By increasing the shelf life of food up to 30 days with the Dry-Age process, we jointly promote the reduction of food waste for the benefit of the environment, the economy and the well-being of people.

## Primeat 2.0 176 lb Capacity

\*Shipped on Pallet

### FEATURES

- ClimaTouch® Lite is the patented control system with:
  - \* 4 recipes for dry aged meats
  - \* 4 recipes for fresh meats
  - \* 1 customizable micro-climatic recipe (up to 5 steps)
  - \* HACCP data log
- Alarms log
- ClimaCure® with a series of high-quality sensors able to control & managed
- DynaFlow® the indirect & adjustable ventilation system
- HumiRight® for proper humidification & dehumidification
- LED lighting
- 4 shelves made of AISI 304 stainless steel

Item	47117
Model	DRY 80
Capacity	176 lb (80 kg)
Number of Doors	1 Swing Door
Number of Shelves	4 Grills/Shelves
Power	510 W
Amps	4.4 A
Electrical	115V / 60Hz / 1Ph
Temperature Range	-2 - 10°C / 28.4 - 50°F
Humidity Range	20% - 92% U.R.
Net Weight	183 lb (83 kg)
Net Dimensions (WDH)	23.6" x 23.6" x 78"

## Stagionello 2.0 264 lb Capacity

Item	48036
Model	PI2AION04STS
Capacity	264 lb (120 kg)
Number of Doors	1 Swing Door
Number of Shelves	4 Grills/Shelves
Power	550 W
Amps	3.4 A
Electrical	115V / 60Hz / 1Ph
Temperature Range	-3 - 10°C / 26.6 - 50°F
Humidity Range	30% - 90% U.R.
Net Weight	190 lb (86 kg)
Net Dimensions (WDH)	23.6" x 23.6" x 78"

DRY-AGED MEAT AND FISH SAFELY UP TO 35 DAYS!

## Simple, Safe and Intuitive Dry Age Control 3.0

Multi-functional display cabinets that are intended to naturally preserve fresh or Dry-Aged goods for an extended period of time.

To improve professionals' experience, an attractive and elegant design is offered in three different capacities and three distinct display versions. The revolutionary drop-weight management systems and unique pH detection and monitoring function of Stagionello Dry-Age 3.0 allow for continuous food-safe chilling, drying, and storage of meat and fish.

Stagionello Dry Age 3.0 produces  
**NO WASTE, NO MOLD, NO UNWANTED ODOURS**

**Umiright®**

The specialized moisture management system that ensures higher quality for longer, resulting in less waste and more profit, can also be used to monitor weight loss.

**Dynaflow®**

Ensures a healthy and safe environment by managing thermodynamics and air speed to guarantee optimal aeration for improved food preservation.

# Salami Curing

Produce salami as little as **20** days!

Stagionello® is the original and the first unit to create a series of micro-climates ideal for traditional salami processing. On an average of only 20 days, Stagionello® can help you produce genuine meats without the need for chemical additives, such as colorants.

The commercial grade system (non mono-block) allows for the optimal temperature in a short period time. Temperature is then maintained thanks to the unified structure of high-density, high compression, non-toxic polyurethane foam thermal insulation.

Stagionello®, combined with Fumotic®, is able to produce and manage humidity, cold smoke and or flavor the product inside the chamber. Like the Stagionello®Evo, the control system automatically manages the temperature, humidity and air speed for the duration of the programmed phases: salting, stewing, smoking / aromatization, drying and seasoning. Stagionello® is made of AISI 304 stainless steel with a

scotch-brite finish, both internally and externally where in contact with food. The stainless steel door (not aluminum) has a large glass panel with the key/lock system, so as to allow the use both in the kitchen/laboratory or in a retail area.

In the laboratory, the large glass panel allows you to monitor the transformation process, in a retail area it can be used as a showcase to cure and display simultaneously. The four adjustable stainless steel legs allow for perfect stability.

Optionally, the exterior can also be customized by choosing from a wide range of colors. These are just some of the features that gave our technology worldwide status, making us the most copied food transformation technology in recent history.

## Rapid Ferment

Item	Description
47002	Felino 2kg / bag
47003	Hungarian 2kg / bag
47004	Calabrese 2kg / bag
47005	Cacciatore 2kg / bag

## Long Ferment

Item	Description
47000	Speck 2kg / bag
47001	Pancetta 2kg / bag

## Natural Liquid Aromas

Item	Description
47010	Barbecue Flavor 5 kg / bag
47011	Smoke Flavor 5 kg / bag

# Vacuum Packaging

## Light Duty Vacuum Packaging Machine

- Included in the package: 20 bags 7 7/8" x 11 13/16"
- LED displaying vacuum level
- 12 3/4" seal bar with continuous duty
- Power cord storing compartment
- Max. vacuum level: 830 mbar
- **Embossed bags** (Sold separately) to be used

These vacuum packaging machines are ideal for a variety of applications. The machines are equipped with a digital control panel that controls the sealing power. Once the lid is closed, the machine is ready for automatic or manual operation (if programmed).

Item	21623
Model	VP-IT-0324
Seal Bar	12 3/4"
Power	250 W
Electrical	110V / 60Hz / 1Ph
Net Weight	7 lb (3.18 kg)
Net Dimensions (WDH)	6.5" x 14.8" x 4.25"

# Automatic Heavy Duty Vacuum Packaging Machine

Item	47718
Model	VP-IT-0300
Seal Bar	11.8" (300mm)
Pump	2.4 m3/h
Power	280 W
Electrical	110-120V / 60Hz / 1Ph
Net Weight	11.5 lb (5.2 kg)
Net Dimensions (WDH)	15.4" x 10.8" x 4.9" (390 x 275 x 125 mm)

# Vertical Vacuum Packaging Machine

- Ideal for high demand residential and light duty commercial application
- Strong pump and professional seal ensure a long storage life for the packaged products
- Sealing is electronically timed and is adjustable
- Body is constructed of high-density plastic for easy cleaning
- **Embossed** bags (Sold separately) to be used with this unit
- Patented design allows side panel to be removed without tools for cleaning

Item	48246
Model	VP-IT-0005
Seal Bar	12.25" (311mm)
Pump	5 m3/h
Power	850 W
Amps	7A
Electrical	110-120V / 60Hz / 1Ph
Net Weight	10 lb (4.55 kg)
Net Dimensions (WDH)	14.5" x 12" x 6"

## Redefining the benchmark for vacuum packaging machines.

Turbovac offers a full range of vacuum packaging machines: reliable, robust, and easy to service and maintain. Turbovac recently redesigned its complete range of vacuum packaging machines and made them even easier to operate and clean. The full range of machines and available options makes it easy to select exactly the right solution for your packaging needs.

All models have hygienic easy-to-clean vacuum chambers and easily removable seal beams and silicon bars. An intuitive digital control unit can automatically detect the optimum vacuum level for each product. And for products with a high moisture content, the control unit retains exactly the right amount of moisture. This improves the tenderness and flavour of the products. With an ingenious redesign focusing on functionality, Turbovac is now setting the standard for quality and design in the industry.

### Busch Vacuum Solutions

- Decades of Experience
- Leading Supplier of Vacuum Systems
- German engineering & Quality
- Reliable & Efficient
- Up to 50% Energy Savings
- Low Maintenance & High Lifespan
- Reduced Carbon Footprint

### Trenn Seal (Optional on Select Models):

With a "trenn seal" one wire will seal the bag and the other heating wire will almost melt off the remainder of the bag. By pulling the remainder off the package, it will have a nicer appearance. Also possible product that might be left in the remaining plastic is removed for better hygiene.

## Digital control unit with LCD display

For our new line of machines, the control unit is completely redesigned.

Simplicity was the starting point.

OPTIONAL FEATURES (For 10 program machines)

## Modified Atmospheric Packaging

### (M.A.P - Gas flush)

Some products cannot be packaged under vacuum but may better packaged by replacing the air by a mix of gases, like the Inert gas Nitrogen (N<sub>2</sub>), Carbon-dioxide (Co<sub>2</sub>) or Oxygen (O<sub>2</sub>) to increase shelf life and appearance.

## Sensor/ Time control

With a sensor controlled machine the vacuum is measured using a sensor with very high accuracy and the results are digitally displayed.

With a time controlled vacuum machine, a timer is set and the vacuum level can be monitored with an analogue vacuum-meter.

## Soft Air

The Soft Air program slowly brings the air pressure in the machine back to atmospheric level. This allows the plastic to wrap and stretch around sharp edges of the product which might otherwise puncture the plastic bag. Fragile products will keep in the right form when Soft air is added.

# Tabletop Sealers

- Quality engineering and build of our industrial vacuum machines
- Available in 4 sizes and 7 sealing bar configurations
- Please consult with an Trento specialist to discuss which machine will best meet your needs

# Mobile Sealers

## Mobile and Versatile

- Portability and Flexibility:** These machines are designed for easy mobility, allowing them to be relocated between different workstations or production lines, enhancing operational flexibility and optimizing space usage in various industrial settings.
- High-Efficiency Vacuum Sealing:** Equipped with advanced vacuum technology, these machines ensure tight and secure packaging, extending the shelf life of products by removing air, preventing spoilage, and reducing the need for preservatives in food and other sensitive items.
- Versatile and Scalable:** Suitable for a wide range of industries, including food processing, pharmaceuticals, and electronics, these machines can handle various package sizes and types, making them scalable for both small-scale and high-volume production needs.

BPA Free Vacuum Sealer Bags

For chamber machines **only**. Other sizes available on special order. Vacuum bag sales are final. Seafood products should be kept under -18°C / -0.4°F.

- Locks out moisture by providing excellent protection barrier
- Stops food from spoilage and freezer burn
- Make everyday food last longer with sealed freshness
- Polyethylene / Nylon material
- These are solid core bags and can be boiled for half an hour

## Bread Grater with Overload Switch and Safety Cover

Item	23865
Model	BG80E/N
Safety Feature(s)	Overload Switch, Safety Cover
Power	1.5 hp / 1,120 W
Electrical	110V / 60Hz / 1Ph
Net Weight	37.4 lb (16.82 kg)
Net Dimensions (WDH)	9.84" x 9.84" x 22.44"
Gross Weight	44 lb (20 kg)
Gross Dimensions	13" x 22" x 24.5"

In a professional kitchen, every tool should serve to enhance efficiency, reduce waste, and improve product consistency. A **bread grater** is a simple yet highly effective tool that accomplishes all three. Rather than discarding day-old or unsold bread, restaurants can repurpose it into fresh, fine bread crumbs—ideal for breading, stuffing, or adding texture to dishes. This not only reduces food waste but also turns what would be a loss into a profitable ingredient.

Bread graters also ensure a consistent crumb texture, something that can be difficult to achieve manually. Whether you need coarse crumbs for a crispy mac and cheese topping or fine crumbs for delicate meatballs, a bread grater delivers uniform results every time. This consistency improves the overall quality of dishes and helps maintain culinary standards across shifts and staff members.

Additionally, investing in a bread grater saves valuable time and labor. What might take a line cook several minutes to do by hand can be done in seconds with a machine—freeing up staff for other prep tasks and improving kitchen workflow. Over time, the savings in labor and reduced waste can significantly offset the cost of the equipment.

# Cheese Processing

## Light and Moderate Duty Stainless Steel Cheese Graters

- Allows for easy grating of hard cheese and stale breads
- Designed to be suitable for small to medium applications
- Ironed steel drum, stainless steel basins and hoppers
- 39884 has a brake motor

# Heavy Duty Stainless Steel Cheese Graters

## 2HP Heavy-duty Cheese Grater

- Comes with a transparent Plexiglas container for a better view of the processed cheese
- Aluminum head and stainless steel drum are easily removed without tools that allows for easy cleaning
- Self cooled motor for high performance and continuous use

Item Number	19921
Model	GR-IT-1491-B
Description	Cheese Grater with Brake Motor
Production Capacity	240 lb (109 kg) per hour
RPM	1400
Power	2 hp / 1,490 W
Electrical	240V / 60Hz / 1Ph
Mouth Dimensions	3.75" x 7.5
Net Weight	74 lb (33.64 kg)
Net Dimensions (WDH)	23" x 10.5" x 19"

19921

## 4HP Heavy-duty Cheese Grater

- Large bright finished aluminum grating mouth
- Stainless steel drum
- Brake motor
- High efficiency ventilated motors for continuous operation
- Large plexiglass receiving tray
- Safety micro-switches on lever and receiving tray

Item	39498
Model	GR-IT-2983-B
Production Capacity	480 lb (218 kg) per hour
RPM	1400
Power	4 hp / 2980 W
Electrical	208V / 60Hz / 3Ph
Mouth Dimensions	6.25" x 11.75"
Net Weight	143 lb (65 kg)
Net Dimensions (WDH)	29.52" x 25.20" x 25.20"
Gross Weight	163 lb (74 kg)
Gross Dimensions	34" x 33" x 29"

39498

# Super Heavy Duty Pneumatic Stainless Steel Cheese Graters

- Built entirely in AISI 304 stainless steel
- New fast-extraction system with cogwheel for daily cleaning
- 45403 and 47931 are oversized industrial cheese graters
- Cylinder with pneumatic thrust

45404

Item	45404	47930
Model	GR-IT-0300-H	GR-IT-0300-CR800
Production Rate/Hr	up to 1500kg / hr dependent on cheese type	
Power	5.5 hp / 4,000 W Self-Braking Motor	20 hp / 15,000 W Motor
Electrical	208V / 60Hz / 3Ph	
Weight	661 lb (380 kg)	(Unit + Screen) 661 lb + 198 lb (380 kg) + 90 kg
Dimensions	76.7" x 31.5" x 47"	
Optional Vibrating Screen Included	NO	YES - 33.6" x 41" x 32"

Item	45403	47931
Model	GR-IT-1500-H	GR-IT-1500-CR1200
Production Capacity	2646 lb (1200 kg) per hour 3307 lb (1500 kg) per hour	
Power	20 hp / 1490 W Self-Braking Motor	
Electrical	208V / 60Hz / 3Ph	
Weight	1874 lb (850 kg)	(Unit + Screen) 1847 lb + 308 lb / 850 kg) + 140 kg)
Dimensions	98.6" x 44" x 53"	
Optional Vibrating Screen Included	NO	YES - 47" x 55.6" x 35"

# Industrial Wire Cutting Machine for Cheese

Designed for efficiency and precision, it delivers consistent, high-quality cuts at high volumes, improving productivity and reducing waste. Ideal for businesses specializing in high volume cheese operations that receive whole cheese wheels for processing.

- Built entirely in AISI 304 stainless steel
- Twin push-button machine start-up
- Motor with variable cutting-speed
- Work surface in AISI 304 stainless steel
- Food-grade Plexiglas safety housing

Item	45412
Model	GR-IT-1000-C
Cut Shape	Cube, Slice
Accepted Types	Semi-Hard, Hard
Wire Material	Steel
Power	1,300 W
Electrical	120-220 V / 60 Hz / 1 Ph
Cutting Speed	Variable (Engine Frequency: 20Hz-85Hz)
Net Weight	440 lb (200 kg)
Net Dimensions (WDH)	54.7" x 41" x 59" (1390 x 1050 x 1500 mm.)
Gross Weight	880 lb (400 kg)
Gross Dimensions (WDH)	58.7" x 45.3" x 63" (1491 x 1150 x 1600 mm)

# Food Processors

All discs are sold separately

Item	10927
Model	FP-IT-0300
Mouth Opening	3 1/16" x 6 1/4"
Disc Speed	300 RPM
Power	0.7 hp / 520 W
Electrical	110V / 60Hz / 1Ph
Bin Size	5.75" x 11.75" x 7.5"
Net Weight	54 lb (24.55 kg)
Net Dimensions	20" x 11" x 19"

- Easy to use for all types of vegetables, cheese, and many other product
- Hinged lid allows for easy cleaning and changing of disks
- Wide selections of discs are available
- Made of aluminum alloy and stainless steel construction
- Gentle on soft products with inclined design that drops product below without pushing. Ideal for products vulnerable to pressing forces such as soft cheese

## Food Processor Discs

### Shredding

Item	Description
10089	Shredding discs: 2 mm
10090	Shredding discs: 3 mm

The all new

# pacojet

Experience meets innovation. Redefine classic preparation methods and elevate market-fresh ingredients into culinary masterpieces.

## Unleash Culinary Excellence

From the top chefs' secret helper to an absolute 'must-have', the Pacojet has become indispensable in successful professional kitchens worldwide. Why? This unique cooking system combines unlimited creativity with superb results while saving costs.

- **A burst of flavor on the tongue:**  
Pacotizing® increases the surface area of the ingredients many times over, intensifying the aromas.
- **An explosion of color:**  
The special processing technique preserves the fresh natural colors of your ingredients.
- **Velvety-smooth mouthfeel:**  
Pacotizing® produces ultra-fine, airy textures.

### Large Touchscreen:

The large touchscreen provides intuitive user guidance with an animated assistance feature. The user interface is designed for use in professional kitchen environments.

### Save Recipe Settings:

Saving and loading settings for preparing your favorite recipes makes your kitchen even more efficient.

### Device Settings:

- **The Jet® mode:** Choose between pacotizing® with the classic Pacotize® mode in 4 minutes or the Jet® mode in 90 seconds. The Jet® mode allows you to very quickly prepare certain recipes with a high sugar and fat content (e.g., ice creams). This means you can further increase your productivity. Expanded automatic repeat mode
- **Pacotize® on repeat up to 10 times:** This results in particularly light and creamy consistencies with maximum time efficiency.
- **Work with overpressure or normal pressure:** When using overpressure, the Pacojet works at up to 1 bar. This results in a volume expansion of approx. 20–30%. This is ideal for creating foods such as mousses with a creamy-light consistency and for intensifying flavors.

- **Tool Detection** - ensures that the correct tool has been properly attached.
- **Spray Guard Detection** - you can be confident that the spray guard is positioned correctly.
- **Max Capacity Notification** - tells you when the pacotizing® beaker is too full.
- **WiFi Connection:** Connecting the Pacojet via WiFi allows the Pacojet Service Center to detect error sources quickly and easily.
- **Standby:** During prolonged periods of inactivity, the Pacojet switches to energy-saving standby mode
- **Easy Cleaning:** Thanks to the display-guided cleaning program, the device can clean easily at the press of a button and without additional equipment.
- **Exceptionally Quiet** - Reduces kitchen noise

**Cleaning Tab for Pacojet**

The high-quality Pacojet cleaning tabs are specifically developed for the professional and efficient cleaning of Pacojet devices and are very easy to use.

**What Are The Advantages of The Pacojet Cleaning Tabs?**

- Dosage and efficiency are perfectly matched to the needs of the Pacojet
- Antibacterial cleaning (non-foaming), which eliminates 99,99 % of bacterial contamination
- Compact and easy to handle
- Support cleaning according to HACCP standards

48700

**Why Is A Regular Cleaning of The Pacojet Important?**

- Preventing germ infestation of the device and ensuring necessary hygiene standards (HACCP)
- Extending the service life of the Pacojet
- Ensuring high product quality and unadulterated taste experience

Item	48700
Description	Cleaning Tab for Pacojet – 60 pcs per jar

# Commercial Variable Speed Immersion Blender

The power head is easy to detach and clean, making it a convenient option for busy kitchens. Whether you're blending soups, pureeing vegetables, or creating smoothies, this immersion blender is up to the task.

- Self-regulating variable speed control
- Stainless steel construction provides durability
- Rubber cover on the lower part of the body
- Innovative lightweight design and ergonomic handle
- Double-insulated motor
- Fiberglass-Nylon lighter and sturdier than plastic
- Self monitoring speed control that adjusts as product becomes thicker or softer

Item	47712
Model	BL-IT-0075-VT
RPM	2300 – 15000
Power	750 W / 1 hp
Electrical	120V / 60Hz / 1Ph
Net Weight	12.7 lb (5.7 kg)
Net Dimensions (WDH)	7.5" x 7.5" x 20"
Optional Accessories	47713 - 18" Shaft 47822 - 14" Shaft 47823 - 15" Whip

# Tomato Squeezers

## Meat Grinder Attachments for Tomato Squeezer

Item	Description
44019	#5 Meat Grinder Attachment for 18901
20170	# 12 Meat Grinder Attachment for 18902 and 18903 Tomato Squeezer
20169	# 22 Meat Grinder Attachment for 18903 Tomato Squeezer

- Suitable for tomato sauce, jams and fruit juice
- Propeller in acetal resin which is suitable for food contact and anti-friction
- Filter cone, drip pan, anti-spray guard and big capacity funnel are entirely built in stainless steel AISI 304
- Towing pin in steel and nylon 6.6
- Body in cast iron treated for food use with epoxy powder baked at 300°C
- The oil used is "Long Life" and suitable for occasional food contact; it doesn't need any replenishing or replacement
- Axial reduction unit with oil-bath metal gears (nylon 6.6 gears are used for 18901)
- Protection class IPX5
- Cooling fan, and tight switch-condenser box are made in plastic material (fan covers in stainless steel)
- Continuous duty, electric induction motors

# Blast Chillers

Blast Chillers cool food rapidly by circulating cold air through the unit until Temperature Range falls down to safe levels. These units are designed to quickly lower the Temperature Range of foods to minimize bacterial growth ensuring food down through the danger zone within minutes compared to the hours it takes when stored in a refrigerator.

Blast chillers also offer an advantage over traditional freezer by rapid freezing the food which produces fewer and smaller ice crystal resulting with minimal damage to the food. This improves the frozen food's texture once it is reheated. Although they are typically more expensive than traditional refrigerators, they are mostly used in hotels, restaurants, and food operation business.

46673

48704

48702

48703

- External scotch-brite finish with internal glossy finish
- 60-mm high density polyurethane foam insulation
- CFC and HCFC free

# Bowl Cutters

## Medium Duty

### Innovative and efficient

Trento's commercial bowl cutters are versatile and powerful kitchen appliances that can chop, slice, shred, and mix various ingredients in a large stainless steel bowl. They are designed for high-volume food preparation in restaurants, catering businesses, and other food service establishments. These machines can save time and labor by performing multiple tasks with one machine. They are ideal for commercial kitchens that need to prepare large quantities of sauces, dressings, dips, spreads, and other products.

Variotronic self monitoring system ensures smooth cutting as the speed is adjusted in real-time to keep the same power as product becomes softer or thicker.

# Super Heavy Duty

## Super Heavy Duty Bowl Cutter

### Super High Productivity

Bowl cutting produces as much as 15% higher finished product yield. These bowl cutters have numerous features that demonstrate their wide possibilities of use, both universal cutter and emulsifier, to produce fine and delicate pastes.

- Solid cast stainless steel bowl with a liquid drain cast
- Front guard protects spillage of liquids/dough
- Highly productive while efficient on power
- Fast cutting speeds and large bowl capacity
- Easy cleaning and maintenance
- Thermal protection on all motors
- Large openings to access the interior

Removable lid/bowl friction band and bowl rim scraper

Large openings and folding electric distribution panel

Bowl drain plug

Knife head assembly: 6 or 3 knives

Digital control 15" touch screen

Elevated outer bowl rim

## #22 Grinder

- Manufactured with a polished aluminum body and stainless steel hopper
- Comes with 3/16" plate and European-style knife
- Ideally suited for restaurants or small butcher operations

Item	11053
Model	MG-IT-0022-C
Throat Opening	2" approx
Power	1.5 hp / 1120 W
Electrical	110V / 60Hz / 1Ph
Net Weight	50 lb (22.73 kg)
Net Dimensions (WDH)	17" x 9" x 20"
Optional Attachment	Tomato Attachment (10103)

11053

## #22 Grinder Heavy Duty

- Overheating protection
- High quality stainless steel and produces 771 lb (350kg) of meat per hour
- Quiet and generates less heat
- Ideal for any restaurant, deli or small butcher shop

Item	46204
Model	MG-ES-0022
Power	1.5 hp / 1,100 W
Electrical	220V/ 60 Hz / 3Ph
Net Weight	110 lb (50 kg)
Net Dimensions (WDH)	23.7" x 12.2" x 18.2" (600 x 310 x 460 mm)

## #32 Grinder Heavy Duty

- Great value with a proven record of dependability and performance
- High quality stainless steel and produces 1320 lbs.(600 kg) of meat per hour
- Equipped with a safety micro switch, larger tray, hand protection
- High performance 1/4" plate and European-style knife
- Ideal for any restaurant, deli or small butcher shop

Item	39714
Model	MG-IT-0032-C
Throat Opening	2.75" / 69.85 mm
Power	3 hp / 2,200 W
Electrical	220V/ 60 Hz / 1Ph
Net Weight	114 lb (52 kg)
Net Dimensions (WDH)	22.5" x 11.8" x 22"

## Tomato Squeezer Attachments for Meat Grinder

Item	10103
Description	Tomato Attachment for #22 European Stainless Steel Meat Grinders (11053)
Gross Weight	7 lb (3.18 kg)
Gross Dimensions	12" x 12" x 12"

# Meat Mixers

## Heavy Duty Dual Paddle & Tilting

- Modern design and strong AISI 304 stainless steel construction
- Tilting tank with automatic locking system and safety lock
- Stainless steel swivel wheels with lock
- Two mixing arms system
- Removable AISI 304 stainless steel mixing arms (no tools required)
- Total protection of gear box/control panel
- Oil-bath gear box, ground and tempered helical gears
- Double seal on tank and gear box
- Stainless steel cover with safety micro-switch
- Minimum loading required: 40% max capacity
- Stainless steel IP 67 controls
- Perfect for hard mix and salad.

Toolless mixing arm removal ensures easy maintenance and cleaning

Modern clean design with AISI 304 stainless steel is both aesthetically pleasing to a clean kitchen, and ensures durability

Mobile design with casters make it easy to move the station to the ingredients when required

# Meat Slicers

Meat slicers are an important piece of equipment for any supermarket, deli or restaurant. Trento slicers are ideal for creating perfect cuts of meat, lettuce, tomatoes and other vegetables.

**Selection Guide on pg.241**

**Belt-Driven Slicers:**

- Uses a flexible belt to transfer power from the motor to the blade
- Generally quieter and smoother in operation.
- Better suited for lighter or occasional use.

**Gear-Driven Slicers:**

- Uses gears to directly transfer power from the motor to the blade.
- More robust and durable, suitable for heavy-duty slicing tasks.
- Often preferred for commercial applications with high-volume slicing needs.

**Vertical Feed Slicers:**

- Recommended for slicing fresh meat.
- Offer precise and homogeneous slicing.

**Gravity Feed Slicers:**

- Perfect for deli meats, etc.
- Designed to gently push the meat against the blade for consistent quick and easy slicing.

## Residential Line

### Berkel Home 250 Residential use only

- Can cut cured meats, cooked meat, fruit, vegetables and bread and cured fish meat and cured seafood
- It is not advisable to slice frozen products as doing so may damage the blade.
- Brings design back into your kitchen without compromising functionally and safety standards
- Chrome-plated steel blade delivers the perfect uniform slices, while reducing waste
- Absence of sharp edges allows for easy and quick cleaning

Features

# Gear Driven Gravity Feed

## 12/13/14" Heavy Duty Gear-Driven Slicers

- Provides long lasting heavy-duty performance and dependability
- Gears are constantly bathed in oil
- Polished anodized aluminum body with high carbon, hard chromed blade
- Easy to disassemble and clean
- Suitable for cheese and hard meats

# Vertical Feed Horizontal Carriage

## Vertical Belt-Driven Slicers

- Made of anodized aluminum alloy which makes it easy to clean and meet the most demanding sanitation requirements
- Precise decimal thickness regulator ranges between 0 and 16 mm
- Equipped with a built-in blade sharpener for effective cutting
- Plate mounted on the ball bearings creates an exceptionally smooth operation
- Ideal for thin prosciutto slicing

# S Series Vertical Belt-Driven Slicers

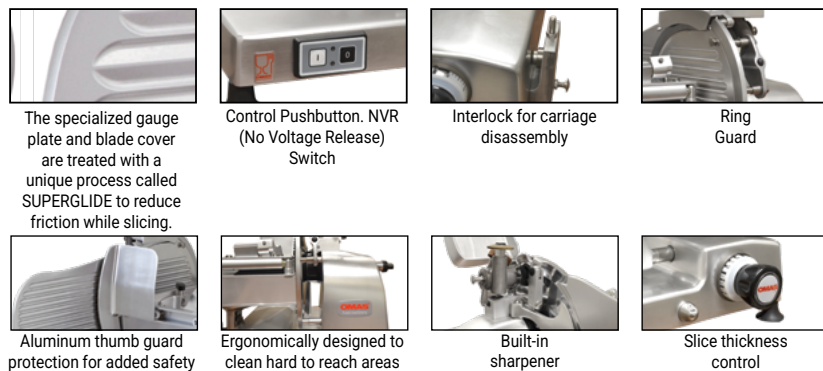

The "S" Series Slicers are specially designed to cut fresh meat. The large horizontal carriage has a double sliding table designed to cut fresh meat by providing a long stroke depth.

- Superglide: Specially treated gauge-plate and blade cover for a smoother performance that ensures precision cuts at all times
- Additional safeties: Fixed blade ring guard; aluminum thumb guard; interlock for carriage disassembly; NVR (No Voltage Release) switch and protections on the sharpener and blade

44006

The specialized gauge plate and blade cover are treated with a unique process called SUPERGLIDE to reduce friction while slicing.

Control Pushbutton. NVR (No Voltage Release) Switch

Interlock for carriage disassembly

Ring Guard

Aluminum thumb guard protection for added safety

Ergonomically designed to clean hard to reach areas

Built-in sharpener

# VINTAGE LOOK

---

# MODERN TECHNOLOGY

Circa 1919, Volano slicer was designed by reaching a perfect balance between style, craftsmanship, passion, and cutting edge manufacturing techniques. The vintage look offers a sense of tradition with a touch of modern technology.

The classic Volano slicers feature a removable stainless steel cover tray, comb pusher and receiving tray which makes washing and

sanitizing easy. The wide space between the blade and the slicer body provides easy access when cleaning.

The slicer comes with a shift-able 360° blade guard, covering the entire blade, designed for safety while not compromising performance. The machine is equipped with a professional heavy duty sharpener, which ensures the blade stays sharp on every use.

# COMPREHENSIVE SELECTION GUIDE

(Does not include Volano slicers)

## 1. What types of foods can I slice with a meat slicer?

Meat slicers can slice a variety of foods, primarily used for meats (such as deli meats, roasts, and turkey), but can also be used for cheeses, vegetables, and more.

## 2. How do I choose the right meat slicer for my needs?

Consider factors like the type of food you plan to slice, the volume of slicing you'll do, and the available space in your kitchen. Choose a slicer with the appropriate blade size and power for your requirements.

## 3. What is the importance of adjustable slicing thickness?

Adjustable thickness settings allow you to customize the thickness of your slices. Look for a slicer with easy-to-adjust thickness controls for versatility in your slicing tasks.

## 4. What is the difference between manual and automatic meat slicers?

Manual meat slicers require you to manually move the carriage back and forth, while automatic slicers have a motor that does the work for you. Automatic slicers are more suitable for high-volume slicing.

## 5. What's the difference between belt-driven and gear-driven meat slicers?

### Belt-Driven Slicers:

- Use a flexible belt to transfer power from the motor to the blade
- Generally quieter and smoother in operation.
- Better suited for lighter or occasional use.

### Gear-Driven Slicers:

- Use gears to directly transfer power from the motor to the blade.
- More robust and durable, suitable for heavy-duty slicing tasks.
- Often preferred for commercial with high-volume slicing needs.

## 6. What is the difference between vertical and gravity feed meat slicers?

### Vertical Feed Slicers:

- Recommended for slicing fresh meat.
- Offer precise and homogeneous slicing.

### Gravity Feed Slicers:

- Perfect for deli meats, etc.
- Designed to gently push the meat against the blade for consistent quick and easy slicing.

## TERMS, CONDITIONS, WARRANTY AND POLICY

### Disclaimer

Although the information in our catalog is presented in good faith and believed to be correct at the time of printing, Trento makes no representations or warranties as to the completeness or accuracy of the information. Trento has no liability for any errors or omissions in the information contained in our catalog. Some variations between pictures in our catalog and product may occur.

Trento and the manufacturers represented herein, reserve the right to change, delete, or otherwise modify the information which is represented without any prior notice. Persons receiving this information will make their own determination as to its suitability for their own purposes prior to use. In no event will Trento be responsible for damages of any nature whatsoever resulting from the use of or reliance upon information from this catalog or the products to which the information refers.

All weights and measures shown are best approximations.

Possession of our price list or literatures does not constitute an offer to sell.

### Product Liability

Trento Equipment is not responsible for any harm or injury caused due to any person's improper or negligent use of this equipment. The product shall only be operated by someone over the age of 18, of sound mind, and not under the influence of any drugs or alcohol, who has been trained in the correct operation of this machine, and is wearing authorized, proper safety clothing.

Any modification to the machine voids any warranty, and may cause harm to individuals using the machine or in the vicinity of the machine while in operation.

### Prices and Product Specifications

Prices shown are list prices and are subject to trade discount and to change without notice. Prices may also be changed without notice due to unforeseen cost increases of imported products, raw materials, or currency fluctuations.

We carefully check pricing and product specifications, but occasionally errors can occur, therefore we reserve the right to change both without notice. We are not responsible for customer pricing errors to their end user. Some products listed may be non-stock items.

### Order Placement

All orders must meet or exceed a \$100.00 net minimum. A \$25.00 handling charge will automatically be added to any order if it does not meet the requirements set out above.

When placing verbal orders over the telephone, Trento is not responsible for verbal misunderstandings or mistakes. Please contact us immediately if you would like to cancel or modify

an order. If an order is already processing in our warehouse and being packed to ship, we cannot guarantee that the order can be canceled or modified. In order to maintain accuracy and efficiency in our order process, we are unable to alter any orders after they have been placed. If you would like to add to or modify your order in any way, please contact Customer Service to cancel the order so you can reorder exactly what you need.

Our warehouse works in the evening to package orders, ensuring shipments early the next day. If an order is packaged to ship in the evening the order is not able to be canceled. If we cannot cancel an order because it has already shipped from our warehouse, please see our returns procedures.

### Freight

Our freight program depends on the carrier and customs, the ETA given on transit days are an estimate. If there are unforeseen delays, then Trento is not responsible for lost sale or any other monetary compensation relating to the estimated delivery time.

All items shipped are subject to Declared Value. To decline the Declared Value on your shipment, it must clearly be indicated on your purchase order. By declining the Declared Value, the buyer must supply their carrier's account number as the order will be shipped 3rd party. The buyer assumes all responsibility for the shipment once it has left our warehouse. Shortage or damage in shipment does not excuse the buyer from timely and full payment of the invoice.

Unless we are advised otherwise, back orders will be shipped when the product arrives. If early shipment is requested, then freight charges become the customer's responsibility. On prepaid shipments, Trento retains the right to choose the carrier. Split shipments or back orders are not allowed on prepaid orders. Should the customer request a split or partial shipment, freight charges then become the customer's responsibility. Any accessorial freight charges are not included in prepaid shipping.

Our freight program depends on the carrier and customs, the ETA given on transit days are an estimate. If there are unforeseen delays, then Trento is not responsible for lost sale or any other monetary compensation relating to the estimated delivery time.

Certain Items are required to be shipped on a pallet due to weight, size, product type, and packaging constraints. Items of this nature are indicated in the Price List with a Delivery Truck Icon.

## TERMS, CONDITIONS, WARRANTY AND POLICY

Due to liability, dock-to-dock shipments do not include unloading or moving your item(s) from the back of our trucks. You are responsible for moving the item(s) from the back of our truck into your warehouse or building. If you have special delivery requirements, please contact us before finalizing your order. Any unexpected extra or surcharges (such as limited access, inside delivery, residential address, lift gate, etc.) identified by the freight company at time of delivery, will be added to the customer's Trento invoice.

### Freight Claims

Upon receipt of an Trento shipment, please inspect for external damage. If no damage is evident on the external packaging, open carton to ensure all ordered items are within the box, and that there is no concealed damage to the item(s).

If the package has suffered rough handling, bumps or damage (visible or concealed), please note it on the bill of lading before accepting the delivery and contact Trento within 24 hours, so we may initiate a claim with the carrier. A detailed report on the extent of the damage caused to the item(s) must be filled out within three days from the delivery date shown in the shipping documents.

Trento has no recourse for damaged products that were shipped collect or third party. In the event of a shortage, or if damage is detected on a collect or third party shipment, notify the delivering carrier at once to request an inspection and file a claim promptly. Any delay may cause you a loss. Shortage or damage in shipment does not excuse the buyer from a timely full payment of the invoice. We cannot

### Returns

Returns will not be accepted unless approved in writing. Minimum return amount of \$100.00 list. Returned goods must be received back to Trento within 30 days of purchase. To obtain a return authorization, please call 1-800-465-0234. All authorized returns must be shipped freight prepaid. A restocking charge of 35% will apply to unused products in their original packaging. Return of used products is subject to inspection and a restocking charge of 50% or more may apply. Special order, clearance, parts, demo items, vacuum pack bags, or nonstandard items are not returnable.

In order to improve our efficiency, Trento will call or email our customer advising the cost of the repair or requesting instructions on how to return the machine. After three attempts to contact our customer, the following terms will apply:

### Time frame

Days after contacting customer with quote for repair	Storage Fee
0-7 days	No charge
7-60 days	\$25
60 days	Dispose of machine / Trento property

Trento contacts customer with phone call and follow up with email, after repair or with quote.

reimburse claims for shortages or delays caused by the carrier responsible. By signing your name on the delivery receipt without noting any damages, you are stating that you have received your shipment in acceptable condition.

### Packaging

Trento reserves the right to package items in what it deems to be the most suitable, safe and economic manner. Packaging dimensions may not accurately represent final shipping dimensions.

### Taxes

Taxes are charged as required by local or federal law.

### Payment Terms

Full payment is due net 30-days for credit approved accounts. Accepted payment methods include cash, check, and wire transfer. Payment by Visa, MasterCard and American Express are accepted for prepayments or for net 10-day terms.

Trento will charge a 2.85% convenience fee on all credit card payments. As always customers will have the option to pay via Electronic Funds Transfer (EFT) or e-mail transfer; in Canada INTERAC E-TRANSFER and in the USA with ZELLE E-TRANSFER. Both methods will avoid convenience charges. Accounts without terms are subject to payment in advance, until credit approval has been granted and accepted. All products, are F.O.B. one of Trento's North American regional distribution centers. International orders are accepted against checks in advance and wire transfers only.

## TERMS, CONDITIONS & WARRANTY

### WARRANTY

Trento provides warranty against all defects of material and manufacturing, as well as for defective assembling, for all the products that we sell. The warranty periods vary based on our product categories.

Product Category	Warranty Period
Electrical and Gas equipment	1 year parts and labor (Standard)
Meat Slicers	1 Year Parts and Labor (Standard) 2 Year Parts and 1 Year Labor (Identified in catalog and website)
Refrigeration	1 Year Parts and Labor (Standard)
Smallwares/ Accessories	30 days
Non-Electrical Equipment	6 months
Extended Warranty	Investing in our warranty program means you'll receive peace of mind knowing your product is covered after the standard manufacturer's warranty expires. We'll make repairs on your covered product, including those made due to mechanical or electrical failure, at no cost to you. Your item will be serviced by an authorized Trento technician. For more information  For more information, call 1-833-487-3686 for a FREE QUOTE

Trento will provide our customers or end users with on-site warranty coverage on all equipment in excess of 115 pounds / 52 kilograms. For lighter products, Trento will provide carry in bench warranty. Bench warranty means that the product must be dropped off or delivered to us, or to one of our authorized service centers (at Trento's discretion), freight prepaid, for warranty evaluation. We will not accept COD or collect shipments.

## TERMS, CONDITIONS & WARRANTY

### Conditions of Trento Warranty:

1. A copy of the Bill of Sale and/or serial number is required for all warranty claims.
2. The on-site warranty applies to regular week day hours. Costs associated with holidays, weekends, evening or rush service calls will be the responsibility of either the end user or Trento dealer.
3. Remote geographic locations may limit guarantee to a parts only warranty. Labor, travel and mileage covered under warranty include straight time labor charges and travel charges within 100 miles / 160 km, round-trip. Overtime, premium labor charges and travel charges in excess of this round trip distance will not be covered by Trento and will be the responsibility of the person or firm requesting the service.
4. There is no on-site warranty for residential addresses (unless specified differently).
5. Warranty is valid only in country of purchase.
6. Trento reserves the right to either repair or replace a product at our discretion.
7. This warranty does not apply to abuse, willful or accidental damage, or to products used for other than their intended purpose.
8. Any tampering or modifications to any products automatically cancels the warranty guarantee. Items not covered by our guarantee include components which are subject to natural wear and tear. Products subject to abuse, misapplied, misused, subjected to harsh chemical action, or external causes such as electric power fluctuations or poor water quality, field modified (without the approval of Trento), improperly installed or maintained, damaged by flood, fire or other acts of God, or which have altered or missing serial numbers automatically void warranty.
9. This warranty is not transferable and is limited to original installation of equipment sold by Trento for the original user.
10. This warranty does not apply to any equipment that has not been installed in accordance with the directions published in the appropriate installation and operation manuals.
11. If the equipment have been changed, altered, modified or repaired with parts not authorized by Trento or by a non-qualified Service Technician, then Trento shall not be responsible for warranty claim.

12. Adjustments such as calibrations, leveling, tightening of fasteners or utility connections normally associated with original installation are the responsibility of installer and not that of Trento. Regular maintenance, such as cleaning, greasing, de-scaling, tightening, sharpening, or anode parts shall be the responsibility of the customer.
13. If required by Trento, customer shall return to Trento for examination of any failed product or part to confirm that the part has failed as a result of material or workmanship.
14. All parts orders are shipped via ground courier only. Extra rush shipment charges will be the responsibility of the end user or dealer.
15. Dealers and end users should not replace or authorize repair of Trento equipment without an approved return authorization number. Cost incurred in such repairs will be at the dealers or end user's expense.
16. For an end user on-site service call, Trento will require a credit card pre authorization, until the technician determines it is a warranty repair.

This warranty and the liabilities set forth herein are exclusive and in lieu of all of their liabilities and warranties, express or implied, including but not limited to, implied warranties of merchantability and fitness for particular warrantee purpose and constitutes the only warranty of Trento. Trento's liability on any claim, including but not limited to negligence, shall not exceed the price of the equipment that gives rise to the claim.

The foregoing warranty is the entire warranty of Trento. Trento neither assumes nor authorizes any other person, purporting to act on its behalf, to modify or to change this warranty, or any other warranty or liability concerning Trento equipment.

This warranty provides the exclusive remedy against Trento relating to all Trento products, whether in contract or in tort or under any other legal theory, and whether arising out of warranties, representations, instructions, installations or defects from any cause.

Trento shall not be liable, under any legal theory, for loss of use, revenue or profit, or for substitute use or performance, or for incidental, indirect, or special or consequential damages or for any other loss of cost of similar type. The liability of Trento is limited to the repair or replacement of any part found to be defective.

## TERMS, CONDITIONS & WARRANTY

### Conditions of Trento Warranty:

#### WHAT IS PROPOSITION 65? (ATTENTION: CALIFORNIA RESIDENTS)

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other

reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

Proposition 65 became law in November 1986, when California voters approved it by a 63-37 percent margin. The official name of Proposition 65 is the Safe Drinking Water and Toxic Enforcement Act of 1986.

Trento has chosen to provide a warning based on its knowledge about the presence of one or more listed chemicals without attempting to evaluate the level of exposure. Products on the Trento website may be below the Proposition 65 exposure levels of concern or could even be zero. However, due to the size and range of our products and out of an abundance of caution, Trento has elected to place the Proposition 65 warning notification on all its products.

#### MINIMUM ADVERTISED PRICE (MAP) POLICY

USA Policy Effective Date: July 31, 2020

Canada Policy Effective Date: September 21, 2020

##### SUMMARY

Trento has established a Minimum Advertised Price (MAP) Policy that applies to all authorized distributors and dealers (Resellers selling products in or into the United States and or Canada). The purpose of the Policy is to assure that end user purchasers have continuing access through our authorized Resellers to accurate and expert information, specifications, and support needed to identify, evaluate and purchase the products which are optimum for their requirements. The MAP Policy applies to prices that may be advertised by Resellers and does not restrict the sales price of products. The MAP Policy includes specific guidelines for administration of the program and penalties for violations.

##### Purpose of MAP Policy

The Trento MAP Policy provides an enhanced equipment purchasing experience by supporting Resellers who invest in knowledge of products and their functional performance capabilities, customer service and supports, and cooperate with Trento in maintaining the premium brand image and long-term competitiveness of the Trento brand. Due to the nature and uses of our products, it is necessary for authorized Resellers and their sales associates to commit significant time and resources to learning, supporting, specifying, and selling our products. In addition, we recognize there are significant investments required in properly supporting, marketing and advertising our products, and

educating the equipment purchaser about each product's unique application, benefits and value proposition. We sell our products to authorized Resellers at a cost/price structure intended to provide the Reseller with margins adequate to fund these activities. Therefore, it is the purpose of this MAP Policy to support our mutually beneficial cost/price structure for all authorized Resellers.

##### MAP Definition and Application

This Policy applies to select brands and products within the Trento portfolio. Trento publishes and maintains for its Reseller partners a comprehensive list of the products and MAP for each.

Resellers may advertise prices equal to or greater than the MAP for covered products sold as "new." Trento defines "new" products as, 1) those sold by Trento or one of its authorized Resellers without prior in-service use by any end user purchaser, or 2) any product sold by a Reseller when covered by the manufacturer's original warranty.

The MAP Policy does not apply to specific pieces of equipment when all the following conditions are met:

1. The advertisement uses one of the following terms to clearly indicate the condition of the unit: "used", "damaged" or "floor model".
2. The advertisement included the following terms used in all capital letters "NO FACTORY WARRANTY".

## TERMS, CONDITIONS & WARRANTY

3. The advertisement included the serial number of the unit that is being offered.

4. The Reseller has previously notified Trento that the factory warranty should be removed from this unit. (This can be done with an email to the MAP Administrator for Trento.) This MAP Policy prescribes the lowest price that an authorized Reseller may advertise in any form of advertising, including, but not limited to internet (including "add to cart" and "checkout" pages), print, direct mailing, radio, group or "broadcast" email, group or "broadcast" FAX and all other forms of pricing advertisement.

Trento defines advertising as promulgation, publication or other promotion of product and pricing information outside the Reseller's physical business location and intended for more than a single individual.

Any direct request for pricing made by an individual prospective purchaser to a Reseller in person or through other deliberate action is considered by Trento to be a request for a price quotation from the prospective purchaser to the Reseller, thus MAP does not apply.

By definition, resellers may not make any statements, displays or communications that indicate, state, imply, or suggest that a lower price may be found at the online check out, including but not limited to: "click here for lower price," "see lower price in cart," "add to cart for lower price," "check cart for lower price," "chat for price," "mouse over for price," "text for price," "log-in for price," "e-mail for a better price," "call for lower price," or similar language.

Such website features as automated "bounce-back" pricing emails, pre-formatted e-mail responses, forms, automatic price display, and other similar features are considered communications initiated by the Reseller (instead of the customer) and constitute "advertising" under this MAP Policy.

This MAP Policy also applies to any activity which Trento determines is designed or intended to circumvent the intent of this MAP Policy.

The advertising or offer of new Oman products in any auction is prohibited and is a violation of our MAP Policy, except for auctions which include a published minimum purchase price or "reserve price" which complies with the Trento MAP Policy.

If one or more products from Trento are "bundled" or combined in an advertisement, the aggregate price for all Trento products offered for sale in the bundle may not be lower than the cumulative MAP for each of the products when sold separately.

Under the MAP Policy, Trento prohibits the use of split-screen, side-by-side advertising, or pop-ups to advertise a similar product of any other brand. Trento prohibits any Reseller from directing (automatically, inadvertently or otherwise) an Trento customer who is in search of an Trento product or item to any other brand.

The MAP Policy is not applicable to in-store advertising that is displayed only in a physical store location. In-store displays, point-of-sale signs, hangtags, bar-codes, QR codes or similar marks on products or product packaging which present the price are not considered "advertising" for purposes of this MAP Policy.

This Policy does not affect or restrict the price at which an authorized Reseller sells our products. Our authorized Resellers are free to sell Trento products at whatever price they may choose.

##### MAP Disclosure or Undercutting Prohibited

The working "minimum advertised price," "MAP Price," and/or "MAP" or similar references to the MAP Policy shall not appear in any advertisement, quotation, or communication which includes Trento products. Such reference is a violation of the Trento MAP Policy.

Advertising that indicates that the MAP Price is not the applicable price for the product or that a lower price is available also are violations of the MAP Policy. Therefore, advertisements shall not display any prices that have a strike through or refer to the MAP price as "list price," "factory price," "manufacture's price" or similar statements.

Advertisers shall not use "cookies" or other means to recognize a repeat visitor which trigger display of prices that are lower than MAP without a full log in process where an active session was discontinued.

##### Promotional Pricing and Discontinued Products

From time to time, Trento may conduct promotions for products covered by the MAP Policy. In such events, Trento reserves the right to modify or suspend the MAP with respect to the promotional products by notifying authorized Resellers of such promotions.

Trento further reserves the right to adjust the MAP with respect to all or certain products in its sole discretion upon written notice to authorized Resellers. Upon Trento's prior written notification, authorized Resellers may advertise such products consistent with the written notification. Trento may also suspend or eliminate MAP pricing on discontinued products in its discretion, upon notice to its authorized Resellers.

**MAP Enforcement**

Trento will monitor compliance with this Policy. The enforcement process is based on violations across all Trento brands and products covered by this MAP Policy. Our enforcement process allows immediate correction of errors, with subsequent penalties for delays or repeated violations within 60 days of such violation. The consequences are targeted at the violator and are not intended to penalize the equipment purchaser.

In the event a violation is determined, the following actions may be taken:

1. First Violation: The Reseller will be contacted in writing and allowed 24 hours to comply with the Policy. If correction is made, the violation is recorded, but no penalties will apply. If the violation is not corrected within 24 hours, then the Reseller will be notified in writing and a second violation will be recorded.

2. Second Violation: The Reseller will be contacted in writing and allowed 24 hours to comply with the Policy. If correction is made, the violation is recorded, but no penalties will apply. If the violation is not corrected within 24 hours, then the Reseller will be notified in writing and a third violation will be recorded.

3. Third Violation: The Reseller will be notified by email and all shipments of all products from all Trento warehouses will be suspended until all violations are resolved. Additionally, all rebates may be held for the same calendar quarter in which the violation occurred until all violations are resolved.

4. Fourth Violation: The Reseller will be notified by email and all shipments of all products from all Trento warehouses will be suspended until such violations are resolved. Additionally, any rebates the Reseller may have earned for any and all calendar quarters in which any MAP violation occurred will be forfeited and subsequent violations will result in additional rebates forfeited and termination of the Reseller.

**DEALER ACCOUNTABILITY**

In the case of a MAP violation by a Reseller who does not have an authorized relationship with Trento and instead purchases Trento products from an authorized distributor or any other Reseller (i.e., dealer-to-dealer sale), Trento will pursue enforcement actions against the authorized distributor or Reseller as provided above in this Policy.

**OTHER PROVISIONS**

This program is managed by the MAP Policy Administrator for Trento. Trento reserves the right to change, add or delete covered products, and change or cancel the MAP Policy at any time upon written notice to authorized Resellers and distributors.

Only the MAP Policy Administrator may provide advice to Resellers concerning compliance with the MAP Policy or authorize exceptions to the MAP Policy. No other individual, including any employee or representative of Trento, may provide such advice or authorizations regarding this Policy to any Reseller. It is the Reseller's sole responsibility to remain aware of any changes to the Trento MAP Policy. The MAP Policy and our MAP price list are available to authorized Resellers directly from Trento by contacting MAPadmin@Trento.com.
