

SERVING THE FOOD INDUSTRY SINCE 1951

BABY CHANGING STATION HIGH-DENSITY POLYETHYLENE Item: 44557

PRODUCT FEATURES

The horizontal design sits along the wall and opens out into the room when required.

Two bog hooks provide hygienic place to rest belongings whilst changing the baby.

Complies to global safety standards and the safety belt is adjustable for fitting around the exact shape of the child or infant being changed.

Ultra safe, slim line design that takes up little space with no sharp edges or corners.

Heavy duty construction ensures a safe and stable platform for changing babies and toddlers.

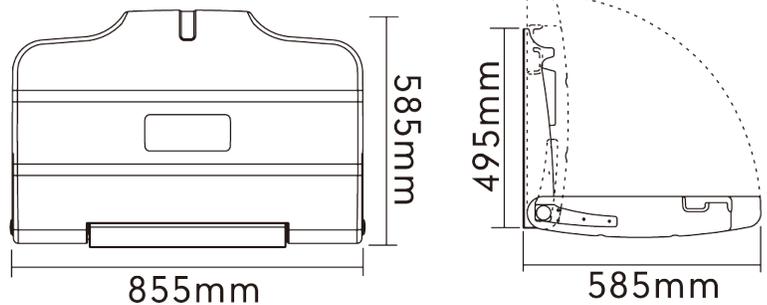

Hygienic and easy to clean with HDPE to inhibit bacteria growth.

A gas strut dampened mechanism ensures a controlled, stable and safe opening and closing process.

Comply with the EN 1222 1 standards and units tested in our own laboratories have withstood loads over 50 kgs.
